<b>DEFINITIONS:</b>  <b>Environmental Indicators</b>  <b>HE</b> = Current Human Exposures Under Control Environmental Indicator (CA725) <b>GW</b> = Migration of Contaminated Groundwater Under Control Environmental Indicator (CA750) <b>YES</b> = The Environmental Indicator has been met <b>IN</b> = More information is needed  <b>Cleanup Status</b>  <b>Corrective Action Underway</b> = EPA/State will assess the site in the near future <b>Corrective Action Underway</b> = Initiation of a facility-wide investigation and cleanup <b>Remedy Selected</b> = The regulator has selected final cleanup objectives to address contamination and exposures (CA400) <b>Construction Complete</b> = All components of the final remedy are in place and operating as designed, but final cleanup objectives have not yet been met (CA550) <b>Complete with Controls</b> = Final cleanup objectives are met but on-going operation, maintenance and/or monitoring of controls are necessary to ensure protection of human health and the environment <b>Complete Without Controls</b> = Final cleanup objectives are met for all media, and no further activity or controls are necessary (CA999)  <b>Land Use</b>  <b>Continued Use</b> = A site or portion of a site which is currently being used in the same general manner as it was when the site became contaminated <b>Reused</b> = A site or portion of a site where a new use is occurring or planned such that there has been a change in the type of use (e.g. industrial to commercial) or the property was vacant and now supports a specific use <b>Unused</b> = A site or portion of a site which is currently vacant or not being used in any identifiable manner <b>To Be Determined</b> = EPA/State will determine land use of the site in the near future  Region 3 posts and updates Land Use Status based on readily available information. EPA does not continue to track the Land Use Status for sites where corrective action is complete and there are no activity or use limitations. The Land Use Status information is not an official EPA determination and does not reflect discussions with the property owner or the community on their preferences for site use or reuse.
